DETAILED ACTION

Allowable Subject Matter

1. Claims 1,3-21 & 23 are allowed.

The following is an examiner's statement of reasons for allowance: the allowability resides in the overall structure of the device as recited in independent claim 20 and dependent claim 23, and at least in part, because 20 recites: "wherein each stopper comprises an extension hole, a protruding member extending through the extension hole to a first side, and an insertion slot configured to fix ends of the protruding member on a second side of the extension hole opposite the first side, and wherein the stoppers can be elastically deformed." The aforementioned limitations in combination with all remaining limitations of claims 20 and 23 are believed to render the claims and all claims dependent therefrom patentable over the art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ingrid Wright whose telephone number is (571)272-8392. The examiner can normally be reached on M-F.
